At the time of our first war of independence, halv existed but in name, and was the slave of foreign userpass. The termination of our second war finds the Pope of Rome Hapeburger in possession of Venetia and sun-dry italian fortresses, but his power is warings. It will other respects Italy is freed from feeding yukas, thenks to the gallantry of its people. years, thanks to the gallantry of its people and to the statesonabily of Carour, the herolan of Gardbadl and the patriotism of Yietor Emmuel. It is no small gratification for six of find that the central figure of the immerial felo was confermed in his love of librity by a long residence among the American people, and that while in this country ha climmed all intercaurse with

American scope, and that white to this country he dimend all litercoaries with American snobs and only courted that of gennine freemen. Tet, though litaly's regeneration had the assistance of the large brain and experience of. Cavour, the heart and sword of Garbhadt, the authority and courage of Vietor Emanuel, the co-operation of the French army, and above all, the luvimble entimals on the masses of Bailman, it is not the less researchable that a nation, divided since the downfail of ancient Rome by linestine conflicts and torm by fearful contests with the Papacy and Germany and other amageniate powers, about have preserved, must all the vicinitiates of equities, the moral courage and the marvellons positical ability which it has displayed since the voem finanguration of its national existence. Those conversant with the history of the finitian people may to some extent account for this actinisting rigor by the circumstance that even under the direct foreign or domestic tyranny, the applit of self-government has been utill more or loss preserved in local or muticipal corporations, while those who are intimately acquainted with the people themselves cannot resist the conclusion, that under a gentle exterior, they are made of much study that despoting could have over game rounnastes, and Mr. Ingersoil. The latter, who is the Vallandripham among the Copperchesses of that State, apoke to the growth in the following strain:

Francow Cerramse: May we not all say, in response to theat I am about to state to you. Too island a state of the control of the contr

its concentrated power and purged the land from tyrania, as now it continues to burn in all its pristine purity to crystallise the achievements of the war into imperishable achievements of the war into imperishable monuments of liberty. More was done by Italy in ten passa than by need other nations in ages; but far more remains to be done. Cavour, the great mind of Italian regemen-tion, is no more. But Maximi, though still command to the wife well with had in London.

Angelo, and yet lovely as the of a reform

The present sectors intresence the qualitication of comity voters from 200 to £14 occupancy and for bordupts, to £7 readers, and to lodgers paying £10 or upwards for apartments. The measure, it is estated, adds about four hundred thousand to the number of voters, whether in England alone or throughout the United Elizadom is not stated. A confuse itself to extending the franchise, leaving the redustribution of Representatives to the factors of the factors one third to the number of voters. Its passage will do much to strengthen the loyalty of the entire British people, and to give a quietus to Fenianism, which, however, deserves the oscill of having been sent of the agencies in causing the Government to other it.

incomstion I possess, rounded, the of over twenty years. To grow grapes successfully for any purpose there must be a proper bed for the roots. I have seen good graps grown upon bog earth, and do well in dry sessous. I have hallot presented by all the continuous charles was cutified to voice by Frience it is amendment of the Constitution of the basis passed by the Louisiature in 1984; and subject to the Constitution of the basis by the people in the constitution of the basis of the conferred has been hitherto considered that the samedwent to the Constitution failed at that election feecases. It did not receive a majority of all the voice cast, atthough it received a majority of three cast, on that subject. The case was argued for the appoilant, (fillsapse, by Han, Byron-Paine, of this city, and for the respondents by Darf. Hocker, of the edy, at the constitution for the control of the constitution in requiring a majority of the highest number of voice seat at an election to be given the most voice, they cannot necessityle as he has received the highest number. The Constitution in requiring a majority of the highest number of voice cast at an election to be given turners of voice may also be constitution in requiring a majority of the highest number of voice cast at an election to be given turners of voice may also be constitution in requiring a majority of the highest number of the subject.

The opposing coursel urged that the universal acquirescence in the decision of the hoard of ditate convasors of 1844, and the legislature repeatedly submitting the question of the constitution requires a number of voice cast on the majority of the highest number of voice cast on the majority of the highest number of voice cast on any maintain the question of the constitution requires a number of voice cast on any maintain the question of the constitution requires a number of voice cast on any maintain the question of the constitution of the constitu ceed on the latter when their roots got to time.

day. When a soit too deep for thems allowed their roots to get too far from the simon-phere it always produced the diseases we called "shearking "in England. This disease shows the late of the border their th

form mon them a white strings fungus which inds its way amongot the young roots and soon rains them. A visited Mr. Moradith's rise yard in Rayland some months before I left and I found he was very careful about the matter that went to his borders, not even allowing involved manure to be put on them. He is the most successful whe grower is that country. I naw about twenty thousand vines all in the best of health, and his success is mainly owing to his care of the roots. He may be the best of health, and his success it mainly owing to his care of the roots. He was every chelle in large quantities to mix with his soil, and rarely if ever mixes manure with 11 but uses flyind mature flaticad during the growing season. I found this for years to be the best.

Late of ashton-make-Lyne, England.

FINITED OF THE TIN BOX.

Testering morning a conclusion found the tin box which had contented the bonds and other securities atolem on Friday might from the residence of Mr. John F. Moore, No. 410 Madison sweenes. The box contained a cheek drawn to the order of Mr. Moore for a small sum, and was fully identified by the owner. It was found in an alloway in the rear of No. 41 West Twenty-securities detects.

THE LAPORTE FIRE.

Destruction of C. Houser & Co.'s Tan-sery-Loss, 250,000 to \$40,000. (From the Laporte (ind.,) Union, 26.) The Oil Line Tsunery of Messre. C. closser & Co., situated at the west end of North Main

board of Hale conversaors of 1948, and in Spartmilling Court House was not legislative repeated by multiling the question of the constitution of its Constitution to the constitution of the Court of the general process of the present of victor card on any ambject at the general principle scane, the pushes of electron articles are discovered and the process of the p would a horse to water. Tolley was almost as short in etaiure as the sherift, very stortly hullit, and had a sulky, don't care-a-cuss sort of look on his stoid face. He was quite complicently chewing a bit of wheat siraw. He nodded familiarly to all hands, spoke to two or three in the party, and asked use for a chew of tobacco, informing me at the same them that he was "dry as a meeting house." I carry two kinds—one for myself, and the other for tobacco beggars, but thinking it a wisame ta send a man into oterpity with a wad of ultger-head in his mowth, I pulled out my choice houry-dey and handed it over. That was the had I new of it. Tolley deposition and the measurement of the she was the had I new of it. Tolley deposition and the she made and the she had a sometime quit be highered, and could be haded

or the people provides in it also that if at the said disciples workeds in it also that if a such a said disciple is majority of all the voice cast a such ejection shall be given in lavor of equal suffrage to colored persons, then said section is of the bill shall be a law. The complaint avere that majority of all the voites cast on that subject were in lavor of the extension of suffrage, and she demorrer admits the truth of the complaint. The opticion has the following concerning the functions of the board of environment. They are nor ministerial officers-extrainly for from being judicial. The register act provides in substance that any one may have his assume outline and giving the same information required for voting. If the impectors are shown the interest of the control of the board of environmental the same outlines in the officers, then we see no good reason why the general principle of like that a ministerial officer is suble for a wrong door, by him acting in his official character, though without maine, should not be appoind. It will be a substantial the proposed of the control of the board of the same of the same of these decisions appears to be that the inspectors of elections are entreased with a districtionary anatherity and are quasiof an set of lagratitude and downright rob-hery.

The sheriff now read a document to Tolley, informing him that he was to be hung by the neak, etc., etc., winding up with the ad-dition:

"And now, Tolley, you'se a durned pretiy booking skink, cin't gow? I'll teach you, durn you, to set a gentleman's house after, and be guilty of areno. Come along here I' and he took the rope from the deputy's hand and led Tolley, who fallowed him like a isamb to the slamphler, site the smelcaure. Old flow whisportd to mee-"Franks, give the poor devil a drink," but the fate of my homeydew steeled my heart against the appeal.

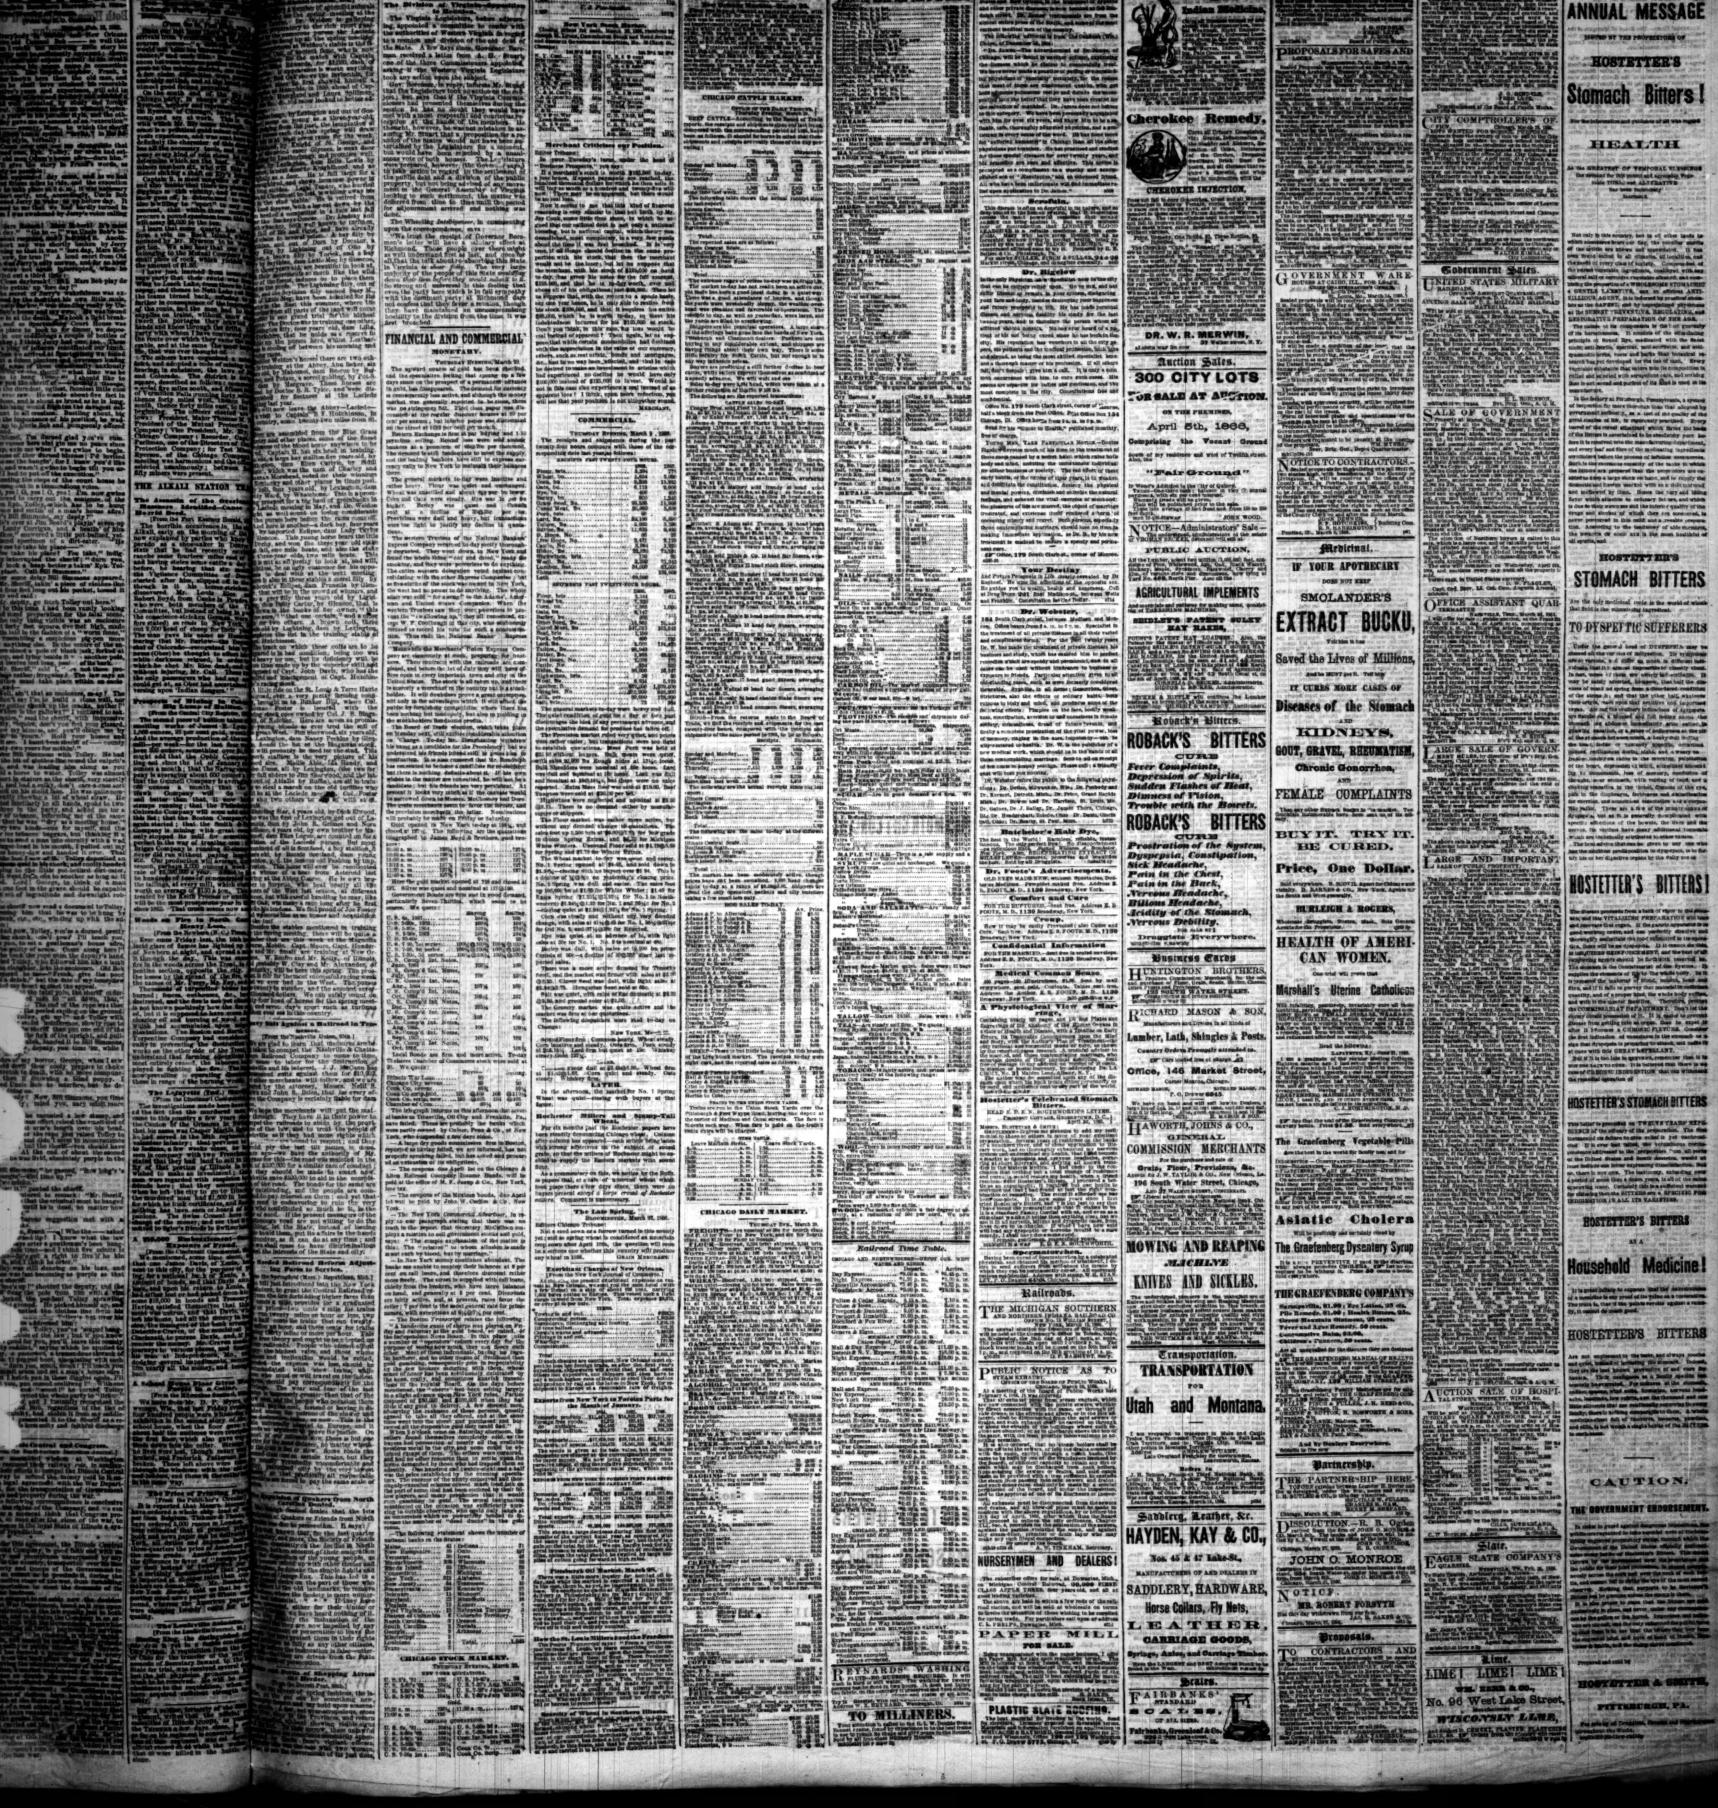

Children 171 676 and for

ort, now, for true!" A loud smort from Old lob was farry's odly answer, and for an how we were not again inserrepted, when he hawled out that the last should be "Clean daybrast." HIL Mars Bob play de deble gettin' up 'fore day !"

The secret of Jerry's waterflows was explained by the fact that his own little mile, fittuup bucher, was standing ready by Unioned by the fact that his own little mile, fittuup bucher, was standing ready by Unioned by the fact that he own. He was been to be in at the death. We look a light breakfast, and as Spartamburg Court House was not a place to look to for dinner, we deposited in our saddlebugs as ouple of bottles of whiskers, I think Jerry hast one, ioo. These and sping of tobases occusion to minch.
